SUPPLEMENTAL SCHEDULE
Schedule H, Line 4i - Schedule of Assets Held (at End of Year) as of December 31, 2003 .... 9
REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrative Committee of the Gartner, Inc. Savings and Investment Plan:

We have audited the accompanying statements of net assets available for benefits of the Gartner, Inc. Savings and Investment Plan (the Plan) as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accountancy Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002 and the changes in the net assets available for benefits for the year ended December 31, 2003 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

See accompanying notes to the financial statements.
(1) DESCRIPTION OF THE PLAN

The following description of the Gartner, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) GENERAL

The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been amended and restated at various times in order to comply with regulatory guidance, most recently as of January 1, 2004 (see note 4).

The Plan covers substantially all domestic full-time employees of Gartner, Inc. and its wholly owned subsidiaries (collectively the Company or Employer). Any employee who customarily works at least 20 hours per week (minimum of 1,000 hours per year) and is at least 18 years of age is eligible to participate in the Plan.

(b) ADMINISTRATION

The Plan is administered by the Administrative Committee (the Plan Committee) which is appointed by the Company's board of directors. The Plan Committee is responsible for all administrative aspects of the Plan, including selection of trustees and investment managers, establishment of investment alternatives, determination of benefit eligibility and benefit calculations and interpretation of Plan provisions. The Plan Committee has appointed officers of the Company to act as trustees (the Trustees) to administer the Plan. Administrative expenses are to be paid by the Plan through the use of participant forfeitures. Any administrative expenses in excess of participant forfeitures will be paid by the Company. For the plan years ended December 31, 2003 and 2002, all expenses were paid by the Plan.

(c) CONTRIBUTIONS

Participating employees may make annual contributions to the Plan in percentages of not less than 1% or more than 60% of total annual compensation (50% pre-tax, 10% post-tax), as defined in the Plan agreement, subject to Internal Revenue Service (IRS) limitations. Participants who are eligible may make pre-tax Catch-Up Contributions effective January 1, 2002 subject to the IRS limitations.

For 2003, the Plan requires the Company to match 100% of pre-tax participant contributions up to a maximum of 4% of a participant's total compensation, or $4,800, which is 40% of the IRS pretax contribution limitation for 2003.

The Plan also provides for a profit sharing contribution comprised of the following elements:

- Fixed amount - an amount equal to 1% of a participant's base compensation, subject to an IRS limitation.

(Continued)
Notes to Financial Statements
December 31, 2003 and 2002

- Discretionary amount - an amount in excess of the fixed amount solely at the discretion of the Company's board of directors based on the financial results of the Company. Employees must be employed on the last day of the year to receive discretionary contributions.

Fixed profit sharing contributions of $1,980,839 and $1,999,371 for the years ended December 31, 2003 and 2002, respectively, are included in employer contributions receivable in the Plan's financial statements as of December 31, 2003 and 2002, respectively. There were no discretionary contributions made to the Plan for the Plan years ended December 31, 2003 and 2002.

A participant may make "after tax" contributions of up to 10% of the participant's compensation, subject to a maximum of $20,000 per year.

(d) PARTICIPANTS' ACCOUNTS

Separate accounts are maintained for each participant of the Plan through the Fidelity Management Trust Company (Fidelity). The participants' accounts are adjusted to reflect contributions and investment earnings such as interest, dividends, and realized and unrealized investment gains and losses.

At December 31, 2003 and 2002, forfeited nonvested accounts totaled $58,755 and $38,575, respectively. These accounts will be used to reduce future Plan expenses and employer contributions. Also, in 2003, Plan expenses were reduced by $47,990 and employer contributions were reduced by $252,000 from forfeited nonvested accounts.

(e) INVESTMENTS

Participants may elect to invest in a variety of specialized investment funds and may make transfers among investment funds at their discretion in whole percentages. The Company's board of directors has authorized Fidelity to execute transactions upon direction from the participant within the framework of the trust instrument.

(f) VESTING

Participants are immediately vested in their own contributions and in the Employer's matching contributions. Participants vest in the profit sharing contributions ratably over a five-year period based on date of hire. The date of hire for the employees of acquired companies continues to be their historical date of hire by the acquired company for vesting purposes.

(g) LOANS TO PARTICIPANTS

Loans to participants are permitted, with the Trustees' consent, in accordance with the limits provided by the Internal Revenue Code (Code). Loans bear interest at a rate equal to prime plus 1% which ranged between 5.0% and 5.25% for loans made during the year ended December 31, 2003, and 5.25% and 6.0% for loans made during the year ended December 31, 2002. Participants receiving loans from the Plan must execute an interest bearing promissory note in the amount of the loan. The terms of the promissory note require that all participants repay their loans based upon a fixed repayment schedule not to exceed a five-year period, except in the case of a primary residence loan for which the repayment period is extended to 15 years. Participant loans are subject to a $1,000

(Continued)
minimum amount and limited to 50% of a participant's vested account balance, not to exceed $50,000.

(h) PAYMENT OF BENEFITS

Benefits are paid upon retirement (on or after age 55), death, or termination of employment, and may also be distributed prior to termination of employment upon reaching age 59-1/2 or because of financial hardship. Participants' benefits are paid in a lump sum equal to the vested value of the participant's account at the time of payment. With respect to accounts from the former Pension Plan that was merged into this Plan in 1993, an annuity (joint and 50% survivor for married participants and single life for unmarried participants) is the standard form of payment. With respect to such Pension Plan accounts, participants may elect a lump sum payment instead of the annuity, with spousal consent as applicable.

(i) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to fully or partially terminate the Plan at any time by action of the board of directors or its designee. In such an event, all participants will become fully vested in their account balance as of the date of full or partial termination.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF ACCOUNTING

The financial statements have been prepared using the accrual basis of accounting.

(b) VALUATION OF INVESTMENTS

The Plan's investments are valued at fair value based upon market prices quoted on national stock exchanges for the respective funds. Shares of registered company investments are valued at the net asset value of shares held by the Plan at year end. Participants' loans are valued at their outstanding balances, which approximate fair value.

(c) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(d) RISKS AND UNCERTAINTIES

The Plan offers a number of investment options, including Gartner, Inc. common stock and a variety of mutual funds. The funds invest in U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities. It

(Continued)
is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits and participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across twenty-two participant-directed fund elections. Additionally, the investments within each participant-directed fund are further diversified into varied financial instruments, with the exception of the Gartner, Inc. Stock Fund, which invests in a single security.

(e) INVESTMENT TRANSACTIONS AND RELATED INCOME

Purchases and sales of interests in the investment funds, along with realized gains and losses, are accounted for on the trade date.

Dividends represent the Plan's share in dividend income of the investment funds in which the Plan participates. Dividends are recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

(3) INVESTMENTS

Substantially all of the Plan's assets are invested in mutual funds and a commingled investment fund managed by Fidelity. A brief description of the funds and investments is as follows:

(a) GARTNER, INC. STOCK FUND

The assets of this fund are substantially invested in Gartner, Inc. Class A common stock. This fund also maintains interest-bearing cash, $204,540 and $153,024 at December 31, 2003 and 2002, respectively, to meet liquidity needs from participant withdrawals or transfers.

(b) FIDELITY RETIREMENT MONEY MARKET FUND

Investments are held in a diversified portfolio of domestic and international short-term fixed income securities such as corporate commercial paper, certificates of deposit, Treasury notes and bills, and bankers' acceptances.

(c) OTHER FUNDS

The Magellan, Growth Company, OTC Portfolio, and Overseas Funds invest in debt and equity securities of companies of varying sizes with above average growth potential to achieve long-term capital appreciation. The U.S. Equity Index Fund seeks to match the total return of the Standard & Poor 500 Index. The Puritan, Equity Income, and Intermediate Bond Funds seek current income and capital preservation as well as the potential for capital appreciation by investing in a diversified portfolio of common and preferred stocks and bonds. The Fidelity Freedom Funds are asset allocation funds that invest in other Fidelity mutual funds; there are five funds that are managed to specific target retirement dates - 2000, 2010, 2020, 2030, and 2040 and a sixth fund, the Fidelity Freedom Income Fund, for those actively seeking high current income. The Fidelity Select Portfolios are mutual funds that invest in specific sectors or industries. Investors are able to obtain targeted diversification with industry specific mutual funds and an opportunity to invest in industries with

(Continued)
high growth potential. As of December 31, 2003, the Fidelity Select Consumer Industries Fund was dropped as an investment choice.

The market value of investments exceeding 5% of Plan assets as of December 31, 2003 and 2002 are summarized as follows:

(4) PLAN TAX STATUS

On April 7, 2003, the Plan received a favorable determination letter from the Internal Revenue Service, as to the continuing qualification of the Plan under Code Section 401(a). Gartner, Inc. believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Code and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2003. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(5) RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management and Research, who is a subsidiary of Fidelity Management Trust Company, the Trustee as defined by the Plan, and therefore, these transactions qualify as party in interest. Another investment is an investment fund comprised primarily of shares of common stock issued by Gartner, Inc. Gartner, Inc. is the Plan sponsor as defined by the Plan.
